## IH-TMS

### I Holland Tool Management System - IH-TMS

The I Holland Tool Management System is an affordable stand alone tooling management system. It allows for proactive monitoring of tool rotations, tooling inventory and tooling maintenance and has the capability to archive tool images and drawings. IH-TMS will also keep record of tablet quantities by number of tablets, work order or batch information.

The IH-TMS is easy to use with a simple touch-screen interface which will alert you if there is over compression, tooling replacements or scheduled maintenance required. It comes with the Eurostandard Educational Suite embedded and the ability to accommodate several languages.

# I Holland Tool Management System

## IH-TMS

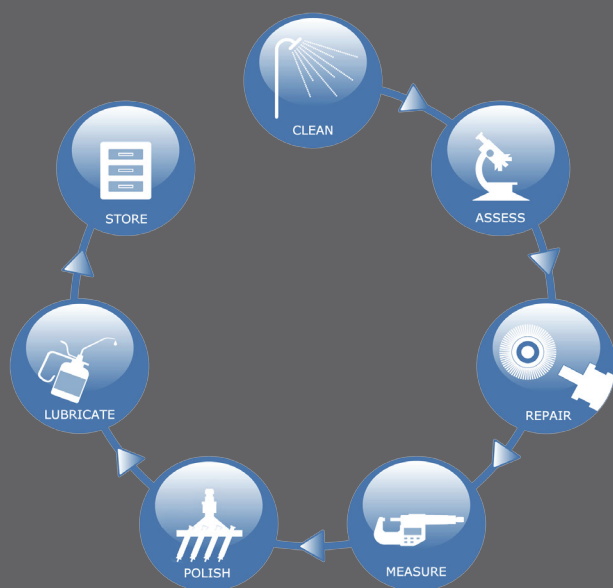

### KEY FEATURES:

- Full Tool Inventory
