

# TOOL MANAGEMENT

## STEPS 01 - 07

The I Holland Tool Management System (IH-TMS) is an affordable stand alone system with a tool measurement capability. It allows proactive monitoring of tool rotations, tooling inventory and tooling maintenance.

### BENEFITS

- ✓ Gives a complete audit trail
- ✓ Tracks key performance indicators, such as tablet quantities produced, yield, etc.
- ✓ Keeps a detailed record of inventory and procedures
- ✓ Flexible system defined by the users requirements
- ✓ Tooling life-cycle and rotation management
- ✓ Allows for planned tool maintenance
- ✓ Ensures production runs smoothly

### FEATURES

- ✓ 21 CFR Part 11 Compliant
- ✓ 64 bit Windows based application with touch screen
- ✓ Full tooling inventory
- ✓ Over compression, repair & replacement prompts
- ✓ Powerful management reports
- ✓ Keeps account of tablet quantities by number of tablets, work or batch information
- ✓ Comes with the Eurostandard Educational Suite embedded
- ✓ Flexible, user definable multi-lingual dictionary
- ✓ Capability to store images & drawings
- ✓ Tool measurement capability with USB connectivity

# I HOLLAND TOOL MANAGEMENT SYSTEM

Part Number		Description	Quantity
K-IHTMS100	IH-TMS <sup>BASIC</sup>	Starter package includes compact & powerful touch screen, PC, scanner-printer, mouse, keyboard & minicam system	1
K-IHTMS200	IH-TMS <sup>CONTACT</sup>	Full system as IH-TMS <sup>BASIC</sup> plus digital comparator	1
K-IHTMS300	IH-TMS <sup>LASER</sup>	Full system as IH-TMS <sup>BASIC</sup> plus I Holland non-contact laser comparator	1

IH-TMS<sup>LASER</sup>  
 (image inclusive of handheld instruments & concentricity module - not included in kit)

Easily issue tooling to production or maintenance

Comprehensive reporting capabilities

System generated automatic warnings and prompts

# VALIDATION, TRAINING & SUPPORT

Part Number	Description	Quantity
IHTMS600	Validation documentation for IH-TMS <sup>BASIC</sup>	1
IHTMS610	Validation documentation for IH-TMS <sup>CONTACT</sup>	1
IHTMS620	Validation documentation for IH-TMS <sup>LASER</sup>	1
IHTMS700	Installation & training (3 days) for IH-TMS <sup>BASIC</sup>	1
IHTMS710	Installation, training & validation support (4 days) for IH-TMS <sup>CONTACT</sup> or IH-TMS <sup>LASER</sup>	1
IHTMS800	IH-TMS software support (24 months)	1

# ADDITIONAL MEASUREMENT EQUIPMENT

Part Number	Description	Quantity
K-IHTMS400	IH-TMS hand-held instruments kit	1
K-IHTMS500	IH-TMS concentricity module kit	1

Standard B and D nylon length pots come with IH-TMS as standard. Further details of these products are supplied with the repair kit information in the Repair section of the PharmaCare brochure.
